DOVER, DELAWARE 19901

ANNOUNCEMENT OF PROPOSED UNDERGROUND INJECTION CONTROL REGULATIONS

Draft Delaware Regulations Governing Underground Injection Control

Dear Interested Party:

The Delaware Department of Natural Resources and Environmental Control (DNREC), Division of Water Resources, Ground Water Discharges Section (GWDS) is preparing to propose new State of Delaware Regulations Governing Underground Injection Control (UIC Regulations). The DNREC is proposing significant revisions to the Regulations, which have not been amended or revised since the promulgation of the UIC Regulations in 1983. Technological advances and new federal requirements from the U.S. Environmental Protection Agency must be incorporated into the Delaware UIC Regulations.

Public meetings and public workshops will be scheduled in the future.

Information regarding this process may also be obtained at:

<http://www.wr.dnrec.delaware.gov/Information/GWDInfo/Pages/GWDSProposedInjectionRegs.aspx>

If you would like to be part of an advisory committee or would like to be placed on a notification list for activities related to these Regulations, please contact Kathy Wright at (302) 739-9337 or via e-mail at Kathy.Wright@state.de.us.
